

Video Report on Obamacare ID Theft Scam

September 20, 2013 - We've published a couple of stories already on ID theft scams that use the Affordable Care Act to target victims, but we haven't run any video reports on the subject before. TV station WQOW in Eau Claire, Wisconsin just ran a report which is worth watching. Since many states will be launching healthcare exchanges on October 1st, we suspect that this scam will only grow in size. There is absolutely no barrier to entry and there are no geographic restrictions that would prevent it from going nationwide.
