

## Password Protection for Our Site

Our site allows you to choose your own userid and password.

### Registration

Once you have registered, you will receive an e-mail confirmation with your password. Follow the link back to our page and LogIn.

After you log-in, you will see a new section on our menu called "User Menu". Select "User Details" and select your own password.

### Forgotten Password

If you should forget your password, go to Login/Logout and click on "Forgot your password." You will then receive an e-mail with a new password. Once you've signed in you may select your new password under "User Details."

### E-Mail From Us

Please place agmcf.org on your white list (GuardMyCreditFile.org is just too long to type every time.) Thanks for your support!
