

To Donate...

ACCESS is a non-profit, tax exempt, 501(c)(3) consumer advocacy group dedicated to exposing the practices that occur in the credit reporting industry and how these practices affect our credit records, the quality of our lives, and our rights to privacy. We also work to educate our youth on financial responsibility and money practices.

The information you find here is unbiased and untainted by financial gain. Our goal is to bring you sound working solutions for credit problems and information to help us all be informed consumers and better stewards of our money.

Donations are tax deductible. Supporters of \$250, or more, will be provided with written IRS acknowledgement.

IRS requires that for us to maintain our 501(c)(3) status we must show public support. That means we need your financial assistance to continue our efforts. Even donations of \$5 or \$10 can make a huge difference.

Please consider making a donation today.
